**DAILY REVIEW**

**Saturday**  
Austria-Hungary badly defeated  
on the field of battle her battlefield  
rent in twain and with chaos reign-  
ing inside her borders, is pleading  
for an armistice. A deputation has  
crossed the fighting line to confer  
with Italian leaders. Thus far her  
impossibilities have received no bet-  
ter answer than the redoubting of  
the effort of the Allies to crush ut-  
terly her warriors. More than 50-  
000 prisoners have been taken by  
the Italian, British, French, Ameri-  
can and Czech-Slovak forces, and  
glorious to the plains of Veneto, the  
enemy is being sorely tried. In the  
in the mountains where stiff resistance  
had been offered to keep the foe  
from entering the back door of Aus-  
tria, the enemy's front is cracking  
under the violence of the attack of  
and important strategic positions  
are being lost.

The report of Charles E. Hughes on  
the air craft investigation, made  
public yesterday, finds that there  
was no "graft" in the production of  
aircraft, in the ordinary acceptance of  
that term, although recommendation  
is made that Col. Deeds be tried  
by court-martial and that three of-  
ficials be prosecuted for transactions  
with concerns in which they were  
stockholders. The report has no  
criticism of the work of the air  
production board in charge.

The sugar allowance of two pounds  
monthly a person for householders  
has been increased to three pounds  
monthly by Food Administrator Hoover,  
effective to-day. The sugar regu-  
lations also are revised to permit  
the purchase of the entire month's  
supply for a family at one time.

Official records show that for every  
American who has been lost in battle  
in air, eight enemy fliers have been  
brought down. The American air force  
has accounted for between 500 and 600  
German aviators since its organiza-  
tion in France.

The German grip on the Hawaii  
sugar industry has been broken by  
the sale to Americans of the German  
corporation that controlled the  
Islands sugar production. The trans-  
fer was negotiated by Allen Property  
Custodian A. Mitchell Palmer.

The New York Times military ex-  
pert says that the Allies in Italy now  
control the neck of the bottle through  
which the retreating Austrians must  
pass and that the retreat has de-  
veloped into a rout.

Everywhere the enemy is being  
defeated in Italy. In the Alpine re-  
gion, where the natural barriers had  
acted as bastions of defense, the  
enemy line has been broken at  
salient points and the foe compelled  
to seek safety in retreat to further  
mountain strongholds. On the plains  
the retrograde movement of the  
enemy toward the Tagliamento River  
is virtually a complete rout. The  
enemy is fast being overwhelmed.  
In Serbia the Austrians and Germans  
are fast making their way out of the  
little kingdom, many of them already  
having crossed the Danube. French  
and Serbian cavalry have reached  
Belgrade, from where a fast turning  
movement westward along the Save  
River is likely to work havoc with  
those of the enemy forces coming  
northward in Western Serbia and  
those struggling northward through  
Albania.

It will require two years for the de-  
mobilization of the American Army  
after peace is declared, according to  
Gen. T. Coleman du Pont, who re-  
turned yesterday from France. He  
urged this as reason for enthusiastic  
support of the United War Work  
Campaign.

Americans northwest of Verdun  
yesterday captured 9,000 prisoners  
and a dozen fortified villages. Soon  
after noon the Americans passed  
Milcourt and Bayonville. Audevalne  
was stormed and the Bois des Loges  
was cleared of enemy.

Final pre-election statements filed  
by the political managers yesterday  
showed expenditures well over a mil-  
lion dollars, the Republican total be-  
ing \$675,000 and the Democratic total  
\$450,000.

The great German-owned woolen  
mills of New Jersey, valued at \$200-  
000,000, will be sold by the United  
States. This is the answer of A. Mit-  
chell Palmer to Germany's note of pro-  
test.

Louisville almost free of influenza,  
is besought by the united health offi-  
cials to hurry aid to Eastern Kentuck-  
y, which is suffering most from the  
ravages of the disease.

**Sunday.**  
Armistice terms being consid-  
ered by the Supreme War Council, call  
for the disarming of the German ar-  
mies and their withdrawal thirty  
miles behind the Rhine, surrender of  
the German fleet, including subma-  
rines, and the taking over by the Al-  
lies of the island fortress Helgoland.  
President Wilson yesterday was in  
touch with the council and consid-  
ered every move made by the allied lead-  
ers. It is probable that the terms  
will be given out Monday or Tuesday  
and it is suggested in some quarters  
that the terms now are in Germany  
being considered. The time of the  
German peace is most doubtful and  
urges the public to take any peace the  
Allies may offer. It is believed on all  
sides that the armistice terms will be  
made so drastic that Germany will be  
in no position to cause trouble in the  
future.

West of the Mouse the American  
First Army and the French Fourth  
Army are following up the successes  
of Friday. German resistance before  
the Americans collapsed Saturday af-  
ternoon and the Americans reached  
Fosse, an advance of more than four  
miles from the positions of Friday  
night. The enemy is now behind the  
Freya position and the Americans are  
pressing them hard. In front of the  
French the Germans apparently are  
retreating from the salient of the Boul-  
d

**Catarrh for Twenty Years**

**Mrs. M. S. Davis, 1607  
10th Ave., N. Nashville,  
Tenn., writes:**

"After having been a constant  
sufferer from catarrh for more  
than twenty years and after try-  
ing almost every remedy adver-  
tised, and having lost all hope, I  
very reluctantly began the use  
of Peruna about two years ago.  
Everybody says I look younger  
now than I did twenty years ago,  
and I actually feel younger and  
better, and weigh more. I am  
recommending it to my neigh-  
bors and all with whom I come  
in contact."

forest. Numerous prisoners and guns  
were taken by the Americans and the  
Germans were retreating so fast that  
Pershing's men lost contact with them.

The collapse of the Austrian army  
in Italy leaves Germany with her back  
to the wall and fighting alone ac-  
cording to the military expert of the  
New York Times. In the Italian sector  
his points out the Allies are fighting  
against almost insuperable difficulties.  
The Alpine winter has set in and the  
roads are choked with snow and the  
moving of army supplies is exceed-  
ingly difficult. In spite of this, the Ital-  
ians, French and British, together  
with American reserves, have given the  
fleeing foe no rest.

Prospects of an early peace have  
caused no relaxation of the work of  
the war machine so far as the steel in-  
dustry is concerned, according to ad-  
vices from Pittsburgh. Orders for  
rails, barbed wire and similar mate-  
rial are still being placed in big lots  
and the program of the government for  
the conservation of steel for the  
building of ships is continuing.

Andre Tardieu, the French High  
Commissioner to the United States, in  
a statement issued yesterday declared  
that the Germans will have to confess  
that they have been defeated, since  
this will be one of the cardinal terms  
of the armistice now being prepared  
by the Supreme War Council. He de-  
clared that the armistice terms will  
leave nothing to chance.

With the appointment of Col. Max-  
well Murray as commander of Camp  
Knox and the arrival of Maj. Gen.  
William J. Snow to speed up work at  
the Sutherland cantonment, announce-  
ment stands that Camp Knox soon  
will be separated from Camp Taylor.  
Troop movements will be started at  
an early date.

Before November 21, 280,773 select-  
ed will be called to the colors. Provost  
Marshal General Crowder announced  
last night. The mobilization will  
bring the total of drafted men beyond  
the 2,000,000 mark and the total un-  
der arms more than 4,000,000. The to-  
tal from Kentucky 8,125 are called.  
None will be assigned to Camp Zach-  
ary Taylor.

**AN ENGAGEMENT**

By MILDRED L. DAVIDSON.

(Copyright, 1918, by the McClure Newpa-  
per Syndicate.)

"Where shall I go tonight?" Barbara  
Lawton asked her mother.  
"I don't see that you have to go any-  
where," her mother replied. "Why  
cannot you stay at home and be nice to  
Frank for one night?"

"I just cannot bear that fellow, and  
why he has to come when I have told  
him twice that I would never marry  
him, is more than I can understand.  
I have avoided him every Sunday night  
for two months and yet he comes. I  
won't stand him, and I'll tell him so,  
so there!" and Barbara slammed the  
door and left the room.

"I can't understand Barbara," said  
Mrs. Lawton, turning to her husband.

**Mother! Look at his Tongue!**

Give Him a Cascaret—Quick!

Won't eat? Don't scold! See if tongue is white,  
breath feverish, stomach sour.

**TO MOTHERS!** Nothing else "works" the nasty bile, the sour  
fermentations and constipation poison so gently but so thoroughly from  
the little stomach, liver and bowels like harmless Cascarets. While  
children usually fight against laxatives and cathartics, they gladly eat a  
candy Cascaret. Cascarets never gripe the bowels, never sicken. Each  
ten cent box of Cascarets contains directions for dose for children aged  
one year old and upwards.

she had known. He was dressed in  
the uniform of a soldier. Barbara  
gasped and said nothing. Frank ex-  
plained that he had enlisted and was  
to be sent the next day to Texas to  
train.

As Barbara stood listening to him,  
she knew that she must tell him the  
truth before he went. "Frank," she  
said, "when I became engaged to you,  
I did it just for fun."

"For fun," Frank cried in amaze-  
ment and despair, his mind already  
picturing the days and nights of loneli-  
ness with no letters from Barbara to  
cheer him up.

"Yes, for fun," said Barbara. "You  
know I love excitement, and I thought  
that it would be sport." And Barbara  
dropped her voice. "I have changed  
my mind. I was only going to be en-  
gaged for a few weeks, but—"

On Thursday morning Frank left for  
Texas, but the girl who kissed him  
good-by at the station wore not only a  
diamond, but a plain gold band on  
her third finger.

**HEALTH TALK**

SPANISH INFLUENZA OR GRIP  
BY DR. LEE H. SMITH.

An old enemy is with us again, and  
whether we fight a German or a germ,  
we must put up a good fight, and not be  
afraid. The influenza runs a very brief  
course when the patient is careful, and  
if we keep the system in good condition  
and throw off the poisons which tend to  
accumulate within our bodies, we can  
escape the disease. Remember these  
three C's—a clean mouth, a clean skin,  
and clean bowels. To carry off poisons  
from the system and keep the bowels  
loose, daily doses of a pleasant laxative  
should be taken. Such a one is made  
of May-apple, leaves of aloe, root of  
jalap, and called Dr. Pierce's Pleasant  
Pellets. Hot lemonade should be used  
freely if attacked by a cold, and the  
patient should be put to bed after a hot  
mustard foot-bath.

To prevent the attack of bronchitis or  
pneumonia and to control the pain,  
Annie tablets should be obtained at the  
drug store, and one given every two  
hours, with lemonade. The Annie table-  
ts were first discovered by Dr. Pierce,  
and, as they flush the bladder and  
cleanse the kidneys, they carry away  
much of the poisons and the uric acid.

It is important that broths, milk, but-  
termilk, ice-cream and simple diet  
be given regularly to strengthen the sys-  
tem and increase the vital resistance.  
The fever is diminished by the use of the  
Annie tablets, but in addition, the fore-  
head, arms and hands may be bathed  
with water (tepid) in which a table-  
spoonful of salaratus has been dissolved  
in a quart. After an attack of grip or  
pneumonia to build up and strengthen  
the system, obtain at the drug store a  
good iron tonic, called "Ironic" Tab-  
lets, or that well known herbal tonic,  
Dr. Pierce's Golden Medical Discovery.

**STOPS HUN FOOD**

Geneva, Nov. 4.—The Hungarians  
have declared a food blockade against  
Germany, an effort to hasten peace, it  
was reported in dispatches received  
here today.

All railways and boat traffic to Ger-  
many has been stopped. The Berlin  
National Tidende says the blockade  
holds up twenty thousand tons of food  
stuffs, large quantities of petrol and  
prevents the return of two German  
divisions.

A dispatch from Vienna says that  
German soldiers and sailors passing  
through Laibach, have been disarmed.

**JOHN C. C. MAYO COLLEGE**

**H. G. SOWARDS, Principal**  
**PAINTSVILLE, KENTUCKY**

**TERM OPENS MONDAY, SEPTEMBER ELEVENTH 1918.**

**ADVANTAGES—**

Teachers of broad experience and adequate equipment.  
Christian environment. Active religious influences. A  
Christian character is built on the Rock of Jesus  
Truth and will stand unshaken amid the shock and storm  
of life's battle. This ought to be the first consideration  
in selecting a school. Here you have Christianity and  
religious influence in positive terms.

**COURSES—**

Academic—Good high school or college preparatory  
offered. All the required subjects and a number of electives.  
Standard course admitting to any college.

Normal—Course offered meeting the State requirements.  
Teachers also have best opportunities in preparation  
for examination and what is better a thorough prepara-  
tion for successful teaching.

Commercial—Strong course in bookkeeping, short hand,  
typewriting and correlative subjects. Our graduates  
equipped to fill the best positions. Unusual opportu-  
nities are now offered through the business course.

Music—Piano and Voice. This department has well  
deserved the praise it receives. We have had far more  
than the average success and the course for this year is  
to be strengthened.

Expression—Kentucky is noted for oratory. It is a tal-  
ent of marvelous power and when properly developed and  
cultivated makes one master of assemblies. We be-  
lieve it is a grave mistake to neglect this talent and are  
offering a splendid course in physical culture and  
expression.

Grades—So many people living in the rural communities  
desire for their children better school advantages and at  
the same time home care. In our elementary depart-  
ment we offer this opportunity. Our teachers are grad-  
uates having had special training for the grade work,  
and in our dormitory the teachers will continue in  
charge. This gives you the advantage of the best  
schooling and also the same careful oversight of the  
home.

**OUR DORMITORY—**

Girl students will be required to board in the dormi-  
tory where they will be under the immediate care of the  
teachers. This is not done to curtail liberties but to  
give to these young ladies that helpful sympathetic over-  
sight that is so essential in the development of a wise  
and stable character.

**INFORMATION—**

We invite your patronage and if you are thinking of  
sending your boy or girl away for the year's schooling,  
we urge you to investigate the opportunities offered by  
**SANDY VALLEY SEMINARY.** Write to H. G.  
Sowards, Principal, Paintsville, Ky., for any further in-  
formation you may desire.
